

# I AM MALALA

by: Malala Yousafzai with  
Christina Lamb

This book to me meant that whoever, wherever,  
or whatever you came from you have the  
right to be educated. If you really care about  
your future, you will go through whatever it takes  
to succeed!

"The Sounds in my head  
were not the crack,  
crack, crack or three  
bullets, but the choir,  
choir, choir, drip, drip,  
drip of the massaging  
the heads of chickens  
And hum drooping in the  
dirty street."
